

Express Engineering (Gateshead) Limited

Tender Notification

Tender Title: Weld machines relocation

Information:

Express Engineering (Gateshead) Limited ("Express") are an Oil & Gas equipment manufacturer based in the North East of England. With nearly 50 years of machining and assembling critical subsea components and systems experience we are a market leader in the specialised products we produce. In recent years, Express has delivered strong growth and currently employs over 200 people all at its Gateshead facilities.

Tender requirements

- Provide all equipment necessary for the relocation between two factories (approx. distance 0.2 miles). Such as rigger, forklift truck etc...
- All necessary labour is to be provided by the tender company
- Decommissioning and recommissioning is to be tendered for separately
- Uplift all machines to moving skates and remove from premises loading to transport. Secure appropriately and transfer to destination address to offload and place in new positions.

In shortlisting any applicants we will take into consideration:

- a) The experience of the applicants in the sector concerned.
- b) The size and infrastructure of the applicants' business.
- c) The technical and professional ability of the applicant.

Full details of weld machine reallocations are provided in tender documentation which will be issued to interested parties wishing to tender.

Should you wish to express an interest in tendering and receive a copy of the tender documentation then please email Richard.Williams@express-engineering.co.uk
